### Notes:

1. All prices apply to aircraft operators, not passengers themselves.
2. In all cases, per passenger prices for services do not apply to infants younger than two years old.
3. "Passenger aircraft" means any commercial aircraft operated for the purpose of transporting one or more passengers to or from CIAL's terminal building (including the Regional Lounge) and adjacent apron. Passenger aircraft will typically exclude aircraft:
  - operating for military, medical or Antarctic purposes;
  - being used for general aviation (unless passengers are embarking or disembarking aircraft from the terminal building); and
  - to the extent that they are only repositioning and not carrying passengers.
 If you are unsure whether an aircraft (given a particular use or category or uses) will classify as a "passenger aircraft", please contact CIAL.
4. "Non-passenger aircraft" means any aircraft that is not a passenger aircraft.
5. The terminal price – *international services* applies to any passenger arriving from, or departing to, any international destination.
6. The terminal price – *domestic services* applies to any non-international passenger:
  - arriving from, or departing to, Auckland or Wellington; or
  - boarding or disembarking any aircraft through CIAL's first floor integrated terminal.
7. The terminal price – *regional services* applies to passengers to whom the terminal price – *international services* and terminal price – *domestic services* do not apply.
 

Note: this price is for the services provided by CIAL's integrated terminal to those passengers. An additional charge will also be payable for use of the Regional Lounge itself. Airline customers wishing to use the Regional Lounge should discuss access and charging arrangements with CIAL.
8. Excluding departing passengers checked in using different, separately agreed check-in facilities (i.e. Air New Zealand's kiosk area).
